

Welcome at KIT

Unique together

We welcome you at Karlsruhe Institute of Technology (KIT) and to our website for newly appointed professors. We wish you a good and successful start at KIT.

We are glad to give you advice

Our Dual Career Service and the Service for Newly Appointed Professors will guide you through every step from the beginning to make sure that you and your family arrive well in Karlsruhe and that you have a good start at KIT.

Visit the Portal for Newly Appointed Professors

In our Portal for Newly Appointed Professors, we provide you with all the information that you might need when starting your professorship at KIT or throughout your stay.

We highly recommend that you take part in the two-day reception for newly appointed professors, which will give you a general overview of KIT and its structures. Furthermore, you will have the opportunity for personal exchange with the Executive Board and your new colleagues.
